### **Lladró**

Lladró creations are inspired by an experimental vocation in a Moorish furnace built in their own home in Almàssera (Valencia). In this way, they develop their artistic interest as they work in a tile and crockery factory. These carefully designed pieces already have a special charm that awakens public interest.

### **Orrefors**

Around the world Orrefors is associated with unique glass articles, art glass, and the custom glass that all add beauty to our everyday life. Together with its skillful designers Orrefors presents a new collection of glass every spring and autumn. These glass articles are manufactured in an unlimited edition.
