Best of Boston 2011

"When owner Mark Cirone's wife was battling cancer, he created a "Labor of Love" pin, which raised more than \$60,000 for the couple's local hospital. And if that doesn't make you want to shop at his store, your heart is harder than diamonds. Of course, an eye popping collection of gems and watches help, and Cohasset has them in spades." **Boston** Magazine, August, 2011
